Have a great time at AirVenture 2010!

I would like to extend a thank you to all the Chapter members and volunteers that assisted with Wings & Wheels. A lot of work went into planning, setup, running the event and clean up. Even though it appears that numbers were down from last year, I do believe this years event was still a success. Discussions have already been underway on how we can improve things for next year. Any suggestions or ideas for Wings and Wheels are strongly encouraged.

Again, Thank You!
Jack Erdmann, EAA Chapter 766 President

A reminder to EAA Chapter 838 Young Eagles pilots and volunteers:

Our next Young Eagles rally is on Saturday, July 10th at 9:00AM. Let's have a fun, safe and productive rally!

Also, this year we are going to try once again to have a Rally for the kids at the burn camp in East Troy. It will be held at 57C at 1:00PM on Monday, August 16th with a rain date of Friday, August 20th. There will be about 25 kids, so I could use a couple of our planes and pilots. Please let me know if you might be able to help.

Thanks,

Tom Schuyler

Good morning gentlemen! I just got a call from our folks that handle signage for convention and they are looking for some volunteers to come in to help paint the compass rose for the convention grounds. Is this something your chapter would be interested in volunteering for? It would probably take 2-3 days of work for a few hours a day. As there are 3 paint colors they need to dry in between before going to the next color so it would be a several hours each day. We are looking for 2-3 people.

If your chapter is interested in volunteering please contact Jeff Benedict at 920-426-6528 or by e-mail at jbenedict@eaa.org. The weather is looking great the next few days so let Jeff know if anyone is available.

Thank you in advance for your help!
